# OSS

Friendly leader of songs . . . Montana's Grand Old Man of Music . . . Every student knew his hearty greeting . . . All will miss his warm friendship . . . Dean of the School of Music for twenty-five years . . . DeLoss Smith stood for a greater and a better Montana . . . Our irreparable loss is Valhalla's immeasurable gain . . . To DeLoss, then, this volume is respectfully dedicated.

While Senor BISCHOFF strides along somewhat . . . & end up with MISS MIRRIELEES, also of the English Dept.

**R. H. JESSE,**  
Dean

**X. U. MBBLPZRF,**  
Runner-Up

College of Arts and Sciences

... SANFORD, writer of textbooks which are considered in the upper bracket ... The law of supply & demand works well in the Student Store ... MRS WILSON, exponent of typing proficiency ... Summer Session shot of the Jewish Engineering School ... Students buy books no end ... YILL, ponders upon the futility of trying to teach students how to make money for themselves or anybody else ...

R. C. LINE,  
Dean

V. K. SUMGORYZZI,  
Next

# School of Business Administration

... Montana's symbol of Education ... MR. AMES of the future teachers ... & also MR. MADDOCK, who teach future teachers to teach so that in the future there will be more teachers ... From the top of the Union Building the students look odd as they whip home to wolf down some vittles ... MISS MIRRIELEES holds a tea party during a Seminar Period ... & treasured notes from some lecture done in medieval times ...

**FREEMAN DAUGHTERS, Dean**

**ELMER ZILCH, Stooge**

# School of Education

... From way over in the Natural Science these slaving woodmen monkey with test tubes for many long hours each day ... For MR. RAMSKILL, Professor of Forest Products & things ... & FAY CLARK, a genial guy to the foresters ... Here is an exclusive shot of four foresters doing little or nothing ... But in this corner are the grinds grinding in the Forestry Lab ... For MR. WATERS, Prof-Prof ...

T. C. SPAULDING,  
Dean

B. P. GLUTZ-  
FISHBEIN, Jeep

# School of Forestry

... Prof HOUSMAN, well-liked by those who know him, feared by those who do not ... The Shack, home of Montana's fine Journalism School ... Kaimin PAYNE checks on a galley proof ... While Brain BOWLER writes some of his worthless drivel ... ANDY COGSWELL, always smilin' about something ... But not about the darkroom antics of his disciples ... & the band swings out as the Shack is dedicated ... Self explanatory ... Unexplanatory ...

A. L. STONE,  
Dean

Z. X. QRNYXPUPU,  
Dummy

# School of Journalism

... The front end of the toughest school on the campus—"All ye who enter here leave all hope behind" ... The grinds study in the front room ... & study in the Stacks ... MR. TOELLE, disher outer of tougher assignments ... These aren't bats, they're leaves of autumn, so there ... These, kiddies, are the Pillars of Wisdom ...

D. R. MASON,  
Acting Dean

Z. W. M. DRIP,  
Zombie

## School of Law

... A famous conductor, guest of Montana State University during the Summer Session, directs high school students ... Thackeray Q. Highseeee-e ... Director BELL of Grizzly Pep Band fame ... The Summer Session A Capella Choir, composed of Montana High School Students ... OAKLAND, director supreme, aid in the Summer Session heat ... Dean DeLOSS SMITH'S fine A Capella Choir puts on its yearly Christmas Cantata ...

DeLOSS SMITH,  
Dean

# School of Music

... SUCHY, concocter of  
pharmaceutical phantasies  
... Test tubes & junk ...  
Students studiously studying  
some deep dark mystery, or  
something ... & still the  
thirsty quest goes on ...  
Yow, more of the same, will  
this never stop? ... The rat  
died at dawn, the rat ...  
Egad, more tubes & hu-  
mans ...

# Upperclassmen

... Sit in the grass ... Go to football games ...  
 Stride along like they knew what they were doing  
 ... Look up at the camera ... Wear monkey  
 suits & make life miserable for underclassmen ...  
 Sit on pillars in the clouds ... Pose for the birdie  
 ... Go to the Union for 50 million cokes ... Play  
 sweet potatoes ... And waste time.

# Senior Class Officers

"BURLY" BILL LAZETICH, smiling Sigma Nu, and one of the greatest Grizzly athletes, with the help of Misses PRESTON, CARRIGAN, and QUAINANCE, as Vice president, Secretary, and Treasurer respectively, successfully conducted the meetings of the Class of '39 through their last (for most of us) year at M. S. U. Truly representative of Montana students, these four go out into the work-a-day world with the best wishes of their fellow students and the confidence worthy of Montana graduates.

# Junior Class

## OFFICERS

SALLY HOPKINS, as President, conducted the affairs bothering the Juniors, which aren't pressing affairs in the true sense, with the aid of JOHN POE, Vice-president, FRANCES PRICE, Secretary, and GWEN BENSON, Treasurer. Their biggest job of the year is putting on the Junior Prom for the Seniors. Next year this dance should be covered by the Sentinel.

# Juniors

... Pose & look Luscious ... Run the Bearpaws with an iron hand ...  
Help put out Sentinels—once in a while ... & get packed off football  
field at Gonzaga ... While some even sweep their dugouts ... Keep us  
in contact with the outside world ... Take leads in Masquer productions  
... In closing we might add that most Juniors do nothing but sit and  
wait for their final burst of glory during their senior year ...

# Sophomore Class

## OFFICERS

As Sophomore Class President, VERNE CHRISTENSON, aided and abetted by his Vice president, AGNES WEINSCHROTT, upper right; Secretary, JOAN KENNARD, lower right, and Treasurer, HAZEL (BUNNY) VIAL, far back; did little or nothing but heckle the Frosh, pick up grade points, learn the ways of life and act like so many good clean kids as the year progressed. Representing the Sophomores, they did what all the rest of the Sophomores did.

# Sophomores

... Sit 'aroun' & look beautiful... Become Spurs (among other things)... SHALLENBERGER will be a Sophomore next year—possibly... Varsity Ball rapidly becomes a big fall quarter dance... A couple of Sophs go to school during spring quarter, which in itself is amazing... More natural is the free & easy grass lounging in front of North Hall... And after 3 hours of drill on Monday afternoon, who wouldn't feel like an old rag—or stuff?

# Freshmen Class

## OFFICERS

Freshmen, new to the ways of University life, wander in a daze through the excitement of Rush Week. Later, they become more or less accustomed to the trials of the grade point oppression, the Greek system, and the Montana way of doing things. Their President, JOE MUDD, Vice president, ROBERT YOUNG; Secretary, JEAN PERHAM, and Treasurer, PAULINE WILD, helped the Class of '42 get started on the right track. But the Frosh have yet to survive through their first Montana spring quarter. After that they may live to be Sophomores.

# Freshmen

... & now we come to those dear little tykes, the Frosh, who ... Also look beautiful ... Fight the Sophomores ... Read the Kaimin diligently ... Go skiing ... Keep Convocations going ... Sleep in classes ... Rip home for groceries ... Hmmm, how do you like that ... They also take pictures ... & some few study ...

# President George Finlay Simmons

As  
President of  
Montana State University, GEORGE FINLAY SIMMONS  
is respected & admired by both his friends & his  
foes. His fighting spirit has succeeded in building M. S. U.  
to its present high place among the institutions of the nation. Always  
pushing forward his policy of a Greater Montana, Prexy is nevertheless friendly &  
charming at all times. Next fall quarter will see the opening of the new Chemistry-  
Pharmacy building & the new Natural Science Annex, further proof that SIMMONS  
is the Man for Montana . . .

# and the Deans

R. H. JESSE, Dean of the Faculty, can be one of the most severe men alive. On the other hand, this photograph shows that he can also be very pleasant when he cares to be. DEAN JESSE'S bark is much worse than his bite, but this gentleman can certainly bark.

J. B. SPEER, as Registrar, manages somehow to keep the University accounts right, also keeps the students from deferring all their bills. A very congenial figure, students should know J. B. better than they do.

R. H. JESSE

J. B. SPEER

# More Deans

BURLY MILLER, Montana's Dean of Men, is capable of getting under the skin of an erring student & making him see the light. BURLY also delivers cracker-jack lectures with his cane making invisible pictures of the subject in thin air.

BURLY MILLER

MARY ELROD FERGUSON, as Dean of Women, has final say as to what the Co-eds of Montana do. Hers is the job of seeing to it that all University women behave themselves properly & get in at certain hours. Most disagreeable is the "No dates on week nights" rule pertaining to Freshmen women.

# Student Union

## GRACE JOHNSON

Student Union Manager has one of the most thankless jobs on the campus. Caring for a quarter of a million dollar building, with as many as a dozen different student activities going on inside it at the same time, is ample cause for eating a lot of headache tablets. GRACE attempts valiantly to thwart student efforts to carry off the place, lock, stock, & barrel, but there are times when it seems a hopeless job.

Cigarettes & coffee, as usual, keep GRACE from going slightly loopy in the steeple, for among other things she has to look after three ballrooms, auditorium & stage, the beautiful lounge, three big meeting rooms, Masquers, A.S.M.S.U., & two Sentinel offices. All in all, a good job done well.

# Executive Committee

JOHNSON GLEASON NANKERVIS

(Not in Picture: Foss, Picchioni)

The Executive Committee tries to meet the budget, buy the furniture, fix the radios, & replace the fixtures which kleptomaniacal students take home to decorate their walls. It is through their efforts that the overstuffed in the Lounge, after three years of wear & tear, still looks like new. How long they will be able to keep this up, nobody knows. They also try to cut down expenditures & increase the revenue, which is next to impossible. For want of something better, the Execommittee have, at long last, practically decided to name the large meeting room the Sittin' Bull Room.

Biggest accomplishment of the year was the Board's sanction for the Kaimin to become a daily instead of a bi-weekly sheet. This board governs the selection of editors & business managers of Kaimin & Sentinel, advises & fosters the Forestry Kaimin, Frontier & Midland, & the Sluice Box. Also may become fond parent of another campus publication, the South Hall Annual, which, under its Founder, Editor, & Business Manager BILL CARROLL, may become a reality & may not. Time alone will tell.

This group of sober looking individuals has the unholy job of making the athletic budget meet athletic expenditures, arranging schedules, making letter awards, determining eligibility of athletes, creating major managerships. In other words, everything pertaining to major athletics is under their control. Seldom heard of and seldom seen together, this group can be one of the most powerful on the Campus. As Montana athletics continue to grow in the future, the athletic board will become even more omnipotent than it has been.

# Student Faculty Senate

One of the most striving organizations on the campus, Student-Faculty Senate deserves credit for the way in which it has struggled on on its own hook. Composed of one member from each fraternity & sorority, and others from several campus departmental organizations, the Senate tries to get things done by arousing student & faculty interest in its projects; but lacking the authority to really lay down the law, it can accomplish little in the face of disinterested campus opinion. At the same time, some of its projects are really worthy of good consideration on the part of the student body. What the Senate needs is a great deal more student interest, and the only way it can get it is to keep stolidly at the job in the future.

JOHN has the time-consuming job of tending to the thousands of little monkey wrenches which are continually being thrown into the machinery of the Associated Student Body. His year will be remembered for the revising of the Constitution of Associated Students of Montana State University.

A. W. S.  
has the tedious  
task of getting the annual  
swarm of freshmen women orient-

life. Every Co-ed in the University is a member,  
and consequently subject to the stringent rules which  
A. W. S., in cooperation with the Dean of Women, cook up to make  
the social life of the freshman girl just as dull as possible. Yet on the  
whole, it has been rumored in the better places that Montana women spend  
four of the best years of their life while under the watchful eye of A. W. S.

# Maverick

## COUNCIL

In the hands & heads of this group lay the needed cooperation which makes the life of a Montana independent as interesting as possible. Having no affiliations with any of the social clubs on the campus, the Mavericks hold many dances of their own, put on picnics, and hold meetings in the Union Building. Composed of somewhere around two thirds of Montana's total enrollees, the Mavericks could put men in many positions in student affairs were they sufficiently organized. Perhaps the future will show a change in that direction.

## BOARD

BREEN   PANTZER   HALVORSON   SHAW   BRAZELTON   MILLAR  
BERG   MELLOR   KENNARD

To this easy-going group of individuals goes the task of starting new customs which may become traditions, and at the same time keeping a guard over those traditions which have lasted. Main opposition is the fact that Montana students just don't seem to care one whoop for traditions that were started way back when. Part of this disinterested attitude is due to the fact that for years Montana teams brought home few if any victories. But in the last four years this has changed to just the opposite. The Senior Bench, Hello Walk, The Frosh-Soph Tug-O-War, The Victory Bell, & S.O.S. are just a few of many fine traditions which this board attempts to keep going. Most enthusiastic of all about the traditions are the yearly crop of Frosh.

# Store

## BOARD

STORE BOARD, the governing body of the Student Store, sets the rules which in turn govern the groceries which are in turn turned into delectable tidbits by McCOLLUM & his worthy staff. They make the purchases, agree on the materials, meet the budget, and then keep the Store from making a profit. For after all, it's a non-profit organization, with students running the syrup pumps. Perhaps that is why Student Store cokes are the most super to be found.

Through the efforts and sacrifices of these men, Montana has maintained its "excellent" rating among the R. O. T. C. units of the Ninth Corps Area. Noted for its promotion of good fellowship and also for the honor which membership bestows upon the individual, the classiest honorary on the campus is probably SCABBARD and BLADE. Members are picked from the advanced course officers solely on their merits as officers and gentlemen. Fort Missoula is the scene of many of its famous stag parties, and its big dance of the year, Military Ball, is easily conceded to be the most colorful and gala of the spring functions.

## SENIOR MEN'S HONORARY

On the Montana campus since 1904, Silent Sentinel has done its job well. Senior men, chosen for their leadership & service to a growing university, are tapped at the Track Meet S. O. S. Keeping a close contact with the affairs of the University, Silent Sentinel does its work quietly, yet decisively. Its members are men of ability in many fields, and with the help of DEAN STONE, & BURLY MILLER, they maintain a strong yet silent guard over Montana.

The highest possible honor which can be paid to a Montana senior woman is to be tapped at the spring S. O. S. for Mortar Board. On the campus since 1904, the local Pentralia joined national Mortar Board in 1927. Membership is based on loyal service to M. S. U. & an above average scholarship standing. Mortar Board each year entertains the underclass brain babies at their Smarty Party, which is probably the greatest collection of grade point sharks to meet during the year at Montana.

## **Sophomore HONORARIES**

These two Sophomore honoraries pick their members on the basis of scholarship & activity accomplished during their Freshman year. Bear Paw is affiliated with Intercollegiate Knights & Spur is a member of the national Tanan-of-Spur. Both perform active service to the University during their Sophomore year by upholding traditions, ushering at games and University functions.

# M Men

Undoubtedly one of the most powerful honoraries on the campus, M Club is made up of those athletes who have earned a letter at the University. Puts on M Club Mixers & the annual M Club Tourney which determines the University boxing & wrestling champs, who in turn go to Bozeman to tackle the Kow Kollich Killers. M Club also aids Traditions Board in the upholding of Montana Traditions. On Aber Day, when the entire campus gets its face cleaned, M Men are very much in evidence, getting people out of bed, takin' cosmetics off co-eds, and generally running the show.

### DeLOSS SMITH

Montana State University lost more than just a faculty member when on March 16 DEAN DeLOSS passed away. Twenty-five years of service to the school were to be celebrated this spring. As this is being written we look out the Sentinel windows & see flowers being brought to the S. U. Auditorium for the Memorial Service for the DEAN. May Montana's Glee Clubs carry on in the fine manner that he would want.

# University Orchestra

Under the talented direction of Professor HERMAN A. WEISBERG, the University Orchestra puts on fine concerts during the year, especially during spring quarter, when open air programs are the word. Due to the great loss to the Music School by the passing of Dean SMITH, MR. WEISBERG & his colleagues will have crowded times until a successor is found. Under the able guidance of MR. WEISBERG, the University Orchestra has become one of the most perfectly coordinated units on the campus.

HERMAN A. WEISBERG

# GRIZZLY BAND

## CLARENCE BELL

Under the very able direction of MR. BELL, the Grizzly Band has risen from a small time outfit to a big, well-knit organization, well able to thrill the grandstand spectators out of their seats with their perfectly executed formations, and at the night games, who can forget that trumpet quartet playing "Hail! Copper, Silver, Gold," from way up on Mount Sentinel. When a thrilling show is needed, the Grizzly Band is the one to get.

Interested mainly in the fostering of better relationships between the sororities on the campus, **PANHellenic COUNCIL** also gives a spring song fest for the entire feminine Greek world. Under Panhell, the sororities get together more or less come time for spring elections and often meet at the various houses for just plain gab fests. While the Spur element stand in front of the A. X. O. house . . . At rushing time the Thetas put on joe dog . . . And the S. A. E's wait for Sunday dinner . . .

# Dance Time

... Makes some people sour on life ... And others happy on the Butte Baggage Car ... "As you desire me" "Nobody" HARRIS strike a pretty pose ... You name this hallucination ... And everybody "Went Dancin' With ANSON" ... While Prexy SIMMONS brained—we mean crowned—the Homecoming Queen ... And at the Nightmare Ball our boy HOWERTON—on this end—gets plenty corny ... That man HARRIS again ... Then that go trumpet man takes off & jives on "Dark Eyes" ...

# Varsity

## BALL

Spurs & Bearpaws get together at the beginning of Fall and throw the first big dance of the year. Varsity Ball is famous for its entertainment, its informality, and its genial atmosphere. Inasmuch as this copy confidentially stinks we might as well close here and take another stab at it on the next page.

# Panhellenic

## FORMAL

This page should really have the Beaux Arts Ball on it, but the powers discontinued it this year. Then we planned to run BUDDY ROGERS & his band, but the synchronizer on the Sentinel camera froze, so finally we give you Panhellenic. This was really one fine dance, however, not to mention the luscious morsels imported from all over the west for the Panhell convention. Yippy Dow.

# Barristers'

## BALL

This is the struggle where the lawyers & their gals give vent to their legal gas in no mean fashion. Coming early in winter quarter, Barristers' is easily one of the more formal of the formal formals. The main thing to remember on going to this shindig is that the rewards of being nice to the bartenders are often exceedingly joyous. So there.

## Co-ed Prom

Sitting home on the night of Co-ed is probably the saddest thing a Montana Man can do. For this is the gala brawl wherein the females dish out the do-re-mi. This year a new idea was started when several couples went up to the Double Arrow & skiled for the weekend. No end of a fine dance, Co-ed is planned for by the guys & gals months in advance.

# Foresters'

## BALL

This is the one dance of the year wherein every man, woman & child is assured of a good time. All the kiddly heels put on their rugged rags, & trip the cross blocks & tackles to some outside band. This year it was VON MURRELL'S from Butte. Even the oldsters get into the swing & swing. To be truthful about this whole silly mess, if you don't have a good time, best you whip down to a good booby hatch & have your noggin surveyed.

## FORESTERS' BALL

Jello again. Here we stay at Foresters' & these pictures go to show that the Ranger's Dream is not only quite the woo pitchin' nook, but also a photographer's paradise. & at the same time let us hereby deny all responsibility for mayhem forthcoming from anyone who thinks these pictures are out of focus. They're not. & what's more we didn't take them. In fact, it is rumored that you are all suffering from hallucinations or some other such dread affliction.

# Interfraternity

## BALL

Once during the year the tongs give up trying to knife each other in the back & throw their annual rat race. While there, they manage to stomp on each other's toes & generally enjoy everything, including the groceries, which are snapped up with a vengeance. It's just as well that no independents are allowed to show their face at this shindig, because even Greeks in good standing aren't safe. None the less, a whackin' good time is had by all, and then the brothers go back to sniping at each other.

# Military BALL

Now here is really one fine dance. All the pomp & splendor possible. The gal in the top picture who is looking so lovely is DORIS QUAINANCE, dancing with the then ASMSU Pres. PETER MURPHY. DORIS is the lucky Coed Colonel, who is crowned Queen of the Army on this night. Even some of the shave-tails from Bozeman, Missoula's back yard, come over & actually act like good kids instead of farmers, as they are. All in all, Military is THE big dance of the spring quarter, and all the rest of the formals had better look to their laurels or else.

# Light Fantastics

... As the Mavericks throw their jail bird dance ... And  
the PDT's their Installation ... An ASMSU mixer ...  
Ditto ... In the baggage car to Butte ... The Theta Chi

# Drama

# STAGE DOOR

... MONTANA MASQUERS become such through a point system based on their work in the general field of dramatics whether in the make up department, costuming, stage work or direct acting ... In their hands lie the dramatic productions of the student body ... This year new impetus was given Montana dramatics through the efforts of their new director, LARRAE HAYDON.

. . . MASQUERS ROYALE are, in reality, super Masquers . . . They are chosen from the ranks of Masquers after receiving a total of over one hundred Masquer points . . . Usually Masquers Royale are responsible for the fine productions which use up most of the other Masquers in the casts . . . Royales hold the key positions as far as student dramas are concerned . . .

LARRAE HAYDON, new to Montana, but highly successful during his first year . . . LARRAF is very friendly and well liked by all who deal with him . . .

# Entertainment

ALBERT SPAULDING, violinist supreme, opened the Missoula Community Concert Series on February 1 by playing two of his own compositions and selections from six other composers . . . A very appreciative audience called the artist back to play four encores . . . Next came the MOZART BOYS' CHOIR from Vienna . . . This fine group featured the melodies of JOHANN STRAUSS . . . The next attraction was CAROLA GOYA who enthralled a capacity crowd with her interpretations of Spanish dances . . . Last but certainly not least of the Series was NINO MARTINI . . . His beautiful tenor voice fittingly climaxed a season of superb entertainment . . .

With the opening of the season against the boys from Cheney, Montana showed great possibilities for the future. Pleasant surprise was the game turned in by "BUTCH" HUDECEK, West Virginia transfer. All the rest of the squad played heads up ball, and the score, 27 0, could have been much greater. Outplayed the entire game, Cheney nevertheless played their hearts out against an iron wall. ON TO THE DONS . . .

In one of the greatest defensive games ever played on the Coast, the Grizzlies & the Dons fought themselves to a standstill in SEAL Stadium on a September night. Although picked to lose by 12 of 14 Coast sports writers, Montana held the Dons in check throughout the game. In fact, Montana threatened the Don goal line more often than the Dons did ours. Notable point of the game was FORTE'S injury, the beginning of the end of the Montana first string. NEXT CAME DEPAUL.

A scrappy bunch of footballers traveled forth from Chicago's DePaul University to meet Montana Grizzly on old Dornblaser field October 8. After four quarters of grueling football they returned to their eastern village on the lower end of a 7 to 6 score. Both touchdowns of the game were made by passes. The educated toe of PERRY STENSON put the game in the bag by his unerring conversion. Greatest defensive player of the fray was Co captain JOHNNY DOLAN, who played a bang-up game at end. With a whoop & a holler, the Texas Tech Red Raiders took the first fall of the season out of the Grizzlies. & what a fall. Not only did the Texans come out on the top end of a 19-13 score, but Montana's injury list got bigger. BILL MATASOVIC, ace Grizzly center, broke his leg in action & thus ended one of the finest football careers ever seen on Dornblaser. Scoring almost at will during the first half, the Raiders were stopped cold during the last half. By far the flashiest team ever to play Montana, the Tech Raiders left a pleasant taste in the mouths of Grizzly fans, even though they started the ball rolling to more defeats. ON TO THE NODAKS.

It was a badly battered Grizzly that traveled 950 miles East to meet the powerful Nodaks on their own soil in Grand Forks. A second quarter touchdown by the great POLLARD was enuf to defeat the weary Montanamen. Early in the game DOLAN went out on injuries, followed by ART PETERSON. Hence, with backs playing end, & guards in tackle positions, the Grizzlies could not get that scoring punch. Despite the fact that Montana entered the game with two strikes against them through the loss of FORTE & MATASOVIC, the gala Homecoming crowd got all the thrills & chills which go to make up a good football game. It was Montana's first game on Nodak soil, & their first defeat in three starts. VANDALISM MUST STOP.

Lack of breaks doomed Montana's Grizzlies to defeat. . . . In what was the most interesting game played on the new Dornblaser field, packed to capacity, Montana's valiant Grizzlies, handicapped severely by 7 of her best men being on the injured list, went down to defeat at the hands of a poorer team. Montana made 5 more first downs, and 76 more yards by rushing, not to mention 112 more by passing than did Idaho's high falutin' Vandals, the team that was laughingly considered (probably by no one other than the Vandals themselves) for the Rose Bowl. One thing can be said for Idaho, rather for HAROLD ROISE, Idaho's one man team— —

ROISE was outstanding & credit must be given where credit is due. FRED JENKINS, DOC BROWER, & FRANK NUGENT played the best game of their college careers. ALDO FORTE & JOHNNY DOLAN played a bang-up game for Montana even though they were badly injured. The Idaho game was a fitting climax to the best Homecoming ever, & is rapidly taking over the position held for years by the Bobcats as Montana's "Big Game." This year the Stein goes to Moscow. GONZAGA NEXT.

Montana's Grizzlies won a decisive victory, Nov. 5, by turning back a strong Bulldog eleven. Playing heads-up ball with emphasis on line play, the lighter Grizzly footballers made consistent holes in the Gonzags forward wall. FRED JENKINS, Montana's ace ball carrier, furnished the highlight of the game with his 90 yard punt return which, reaching the three yard stripe, set up ROLLY LUNDBERG for the scoring plunge. PERRY STENSON, he of the educated toe, dropped out of the line five minutes before JENKINS' dash & calmly booted a field goal from the twenty-five yard stripe. JENKINS, BROWER, NUGENT, BEAL & STENSON were the sparkplugs of the Grizzly attack, while CANADEO played stellar ball for the Zags. CAME THE FARMERS—

For the sixth consecutive year, the Silvertip Grizzlies easily trounced the hapless neighbors from Bozeman. This year the annual shellacing was administered on a granite sprinkled turf. Had the turf been in good shape the score might easily have been much greater, as the Grizzlies were much the better aggregation. Montana's powerhouse functioned perfectly against the Bobcats. Interest in the game was heightened by the pre game visit paid to Bozeman by ardent Grizzly supporters who proceeded to neatly decorate the Aggie campus. After all, not too much can be said about the victory, as Grizzly victories are to be taken for granted. SOUTH—AFTER WILDCATS.

A fighting, inspired pack of Grizzlies wrote finis to their 1938 grid season with a Thanksgiving dinner of roasted Wildcats, way down south in Tucson. Playing vicious & heads ball throughout the game, the Montanamen were in danger only once. The only tally came in the second quarter, when SMILANICH of Arizona faded back for a pass on his own 5 yard line. Letting it fly, it settled into the eager arms of BOB THORNALLY, Montana center, who grabbed it & raced over the pay streak behind superb interference. PERRY STENSON again showed his worth by converting the extra point. Arizona had just won smashing triumphs from Centenary & Marquette, so it was truly a great day for Montana. A salute to the Montana seniors who helped make Montana a leading football figure in the Northwest.

Montana Grizzlies started their pre-season games with a bang, setting up 71 points to set a new individual record for points scored in a single game. This feat was accomplished during the first B. Y. U. game of the series played at Missoula. Grizzlies lost the second game, however, when CROWTON, ace B. Y. U. center, got hot and scored twenty points. On the road, the Grizzlies won three of seven, taking victories from Utah State, Dillon Normal, and B. Y. U. They lost one apiece to Utah State, Utah, B. Y. U. and Idaho Southern Branch.

Regaining the services of Captain SEYLER, who started with a first half total of 16 points, the Grizzlies easily trounced the heretofore highly touted oredigger outfit. Montana Reserves played the majority of the game showing up very well. WEINDL, of the orediggers, played best for the visitors. Came Cheney, and the Grizzlies easily took the first game with HALL, RYAN, LAZETICH, & SEYLER sparking continually. In the second game, Montana led at the half time, but in the second half Cheney-men SMITH, WEST, SCHRECK, & ULOWITZ contributed two pointers in fast and furious style. When the final gun sounded Cheney led one point.

Montana & W. S. C. split the series in the two most interesting games played here in many a moon. The Cougars won the first night in a very well played encounter. The second night Montana won in a fast, thrilling game through the ball hawking and shooting of one DON SUNDQUIST. By virtue of this win the Grizzlies broke a string of eleven consecutive defeats handed them by the Washington State Kasaba Kids. When, on January 28, the little fellows from Idaho Southern Branch came to Missoula town, the Grizzlies proceeded to wax them to the tune of 56 to 32. A veritable track meet.

The University of Mexico came to Montana wherein they got beat by 2 points, and it should have been 25 points, had the Montanamen played basketball. The moral of this story is: the Mexicans should stick to throwing the bull and leave the basketball up to Uncle Sam's boys.

And then came the Bobcats who, after defeating the Grizzlies one game in their own village, came over to these parts and took two terrific trouncings to the tune of 66 to 52 and 65 to 45, all of which returned the state crown to the Grizzly lair where it has not been since 1934. The games were nip & tuck all the time, but from the opening gun there was little doubt as to who would win.

In the Idaho series the Grizzlies dropped two games to the Vandals. Neither team showed the spark and umph they usually displayed. The games were even throughout, Montana losing both games via the foul line.

In Seattle, the Grizzlies continued their losing streak, dropping a brace to the Huskies. Washington, touted as one of the best teams in the country, showed their true form. ZIEGUNFUSS, all coast guard last season, showed the Grizzlies how the sport of basketball should be played. He is one of those basketball players who plays all over the court. He kept Montanamen at a standstill.

Gonzaga—BARNEY RYAN & BILL LAZETICH sparked Montana to its first double header win of the year, as the Grizzlies came out of their slump and produced. Most games were very slow and ragged, the first night's game being even more slow than the second meet. The slow breaking Gonzags were no match for Montana's fast-passing ball shots. The series as a whole was slow and uninteresting.

In the second Idaho Southern Branch Series, Montana was an easy victor.

As a whole the season was very successful, especially with the return of the intercollegiate crown to Missoula. On to next year!!

With a strong crowd of high school stars out for Frosh ball, the Coach, JOHN SULLIVAN, succeeded in turning out a very fine Cub team. Playing only two games of importance during the year, the Cubs completely swamped the hapless Bobkittens from down Bozeman way to the score of 33-0. Next came sweet revenge in Spokane, when the 83 yard dash of NARANCHO turned a deadlock into a 7-0 win for the Cubs. Head Coach FESSENDEN should be happy next year with this crop to fill out his graduation battered Varsity.

JOHNNY SULLIVAN, one of the greatest of Grizzly footballers, again proved his worth to Montana by his crack Frosh team. In the fall, between Frosh practices, JOHNNY aids Coach FESSENDEN in whipping the Varsity into shape.

Next came bowling with the Sigma Chis taking the first half and as this motley mess goes to press, the Phi Deltas are somewhat in the lead of the second half—we think . . . And as you see, we have three bowling shots and the Sigma Chi team . . . In the singing groups, the Tri Deltas copped the cup for the gals while the Phi Sigs grabbed off the honors for the stronger sex . . . Next page . . .

# The Greeks Hold Forth

. . . The Sigs collect numerous cups . . . As the Theta Chis take the honors for being the fastest bunch of ducks on the campus . . . And also, they can talk faster than anybody else, hence winning debate . . . The Tri Deltas build a house across the street from the Phi Deltas which ruined a very fine touch football field . . . And here is a quaint shot of a beer hall putsch . . . And, not to be slighted, here is the Phi Sig mantel, a nickle plated nook . . . Meanwhile Phi Deltas sleep on the floor, which is natural . . . After a beer hall putsch . . .

The girls also hold telegraphic meets with other western schools, the pure essence of which nobody has ever been able to figure out . . . All in all they seem to have a pretty good time . . . And develop into nice fish . . .

. . . I shot an arrow into the air . . . It fell to earth I know not where . . . I shot another arrow into the air . . . It fell to earth—I still don't know where . . . Ye Gad, I lose a lot of arrows that way . . . And this is not the Dance of the May . . . It just so happens that the girls are playing basketball at which they exert themselves to the utmost during the frosty winter afternoons . . . Wherein 'tain't a fit night out for man nor beast . . . Ugh, what copy!

# Riflery AND Individual

Due to the fact that there is little one can say . . . either for or against shuffle board as a profession . . . we will hereby say little about it except that it is rumored that the gals spend long hours at it . . . In the realm of riflery, however, Montana's female gunmen are definitely excellent . . . They hold telegraphic meets with other schools, & when they tire of that, they do some pretty fine shooting against the Varsity team . . . Also shoot most of the time against male squads . . . Hold their own with all of them . . .

# Baseball

# Badminton

As soon as the snow drifts dribble away under the spring sun . . . The gals play the all American game, baseball, only they use the soft ball version . . . & they really go tough . . . But before they indulge in such strenuous antics . . . They amuse themselves with badminton . . . As can be seen from these shots, the gals really have to go up in the air after the feathered gadget . . . All of which make Montana women supple & supple . . .

## The Gals

Look lovely at May Fete . . . & grotesque playing tennis . . . Also look beautiful . . . Show the men a good time for a change . . . Some even study . . . Go into a huddle at the May Pole . . . Continue baseball . . . Shoot arrows into matting . . .

# Interscholastic

## TRACKMEET

Once again M. S. U. scooped other universities by staging the biggest interscholastic trackmeet in the world. There were a total of 985 contestants in all events. Fraternities & sororities outdid themselves by having their respective houses decorated better than ever. For the thirty-fifth Interscholastic Trackmeet was really the big event of the year. Once again Butte Public scooped the other Montana high schools by coming from behind in the closing minutes & winning for the fourth consecutive time. Missoula placed a close second, with Great Falls coming in third. In the Pole Vault, PARSONS of Helena 1st, tied with BOYING of Great Falls. YOVIETICH of Butte was first in the 120 High Hurdles, with CLARK of Billings second. RINKE of Missoula tossed the shot for 1st, while FARMER, Nashua, tossed for 2nd.

Butte Public took the 220 Low Hurdles, closely followed by his teammate GILL. In the Broad Jump, MARTIN, of Gallatin, took first, while CAR, from Flathead, took second.

Athletes thrilled the huge crowds which came to watch future Grizzly stars perform. They saw BURKE of Laurel High take the top honors in the 440, with GRAY of Stevensville coming close behind. They saw the High Jump taken by CLARK, of Billings, with CONRAD, of Broadwater, taking second. GUSTAFSON of Corvallis took the Javelin, with POTTER, Missoula, throwing second. In the 220, ROBERTS, Butte, placed first, while DREIDLEIN of White Sulphur Springs came in second. HARRELL, Helena, threw discus further than anybody else, while CLAWSON, Missoula, was next best. In the Mile Run, STAFFORD, of Great Falls, was on his heels. YOVETICH of Fergus High, on his heels.

# The University

Really puts on a show for the visitors. All the fraternities & sororities compete with one another for the decoration prizes, which this year went to Sigma Chi & Delta Gamma, first place, Alpha Phi & Phi Delta Theta, second, & Delta Delta Delta, & Sigma Nu, third. Feature of the Meet was the tapping of new members by Fanan of Sour & the saber presentation to HOLM, Cadet Colonel. Not to be forgotten by the high school girls were the mid-night-to-dawn serenades by the fraternities. All in all, the 1938 Interscholastic Trackmeet was truly a "Killer-Diller" . . .

# New Hall

## CLUB

New Hall, opened this fall, is the pride & joy of all who reside there. An elaborate lounge, built in dressers, roomy clothes closets all go to make the place a veritable Waldorf Astoria. The upperclass women who dwell in this dugout do not eat there. They go through a tunnel into Corbin Hall, wherein they wolf down vittles to their hearts' content. About the only automatic gadget that New Hall hasn't got are hot & cold running chambermaids.

Upon the completion of the New Hall, Corbin was converted from a coed's boudoir into a bachelor's haven. One of their favorite pastimes is to make life just as miserable for the proctors as possible. Having no tunnel to climb through, the Corbin men eat in their own dining room. Once in a while, the barriers are let down, & the men enjoy the company of the New Hall Gals for dinner.

# North Hall

## CLUB

When ye high school queens come to the University, their abode for one full year is the glamorous North Hall. Most noteworthy of their accomplishments are the 3 formals which they give during the year. This year, when PHIL HARRIS came to the village, an A. W. S. ruling forbade the young'uns to go just across the street & list to him. A large part of the inmate's time is spent in discussing campus casanovas, as it were.

MARNY LOVE as their Grizzly Queen for the gala Homecoming Dance which was put on by the Managers Club this year. Managers Club is composed of all varsity, freshmen, minor and intramural sports managers. Their president this year was JIMMY LOVE while JIMMY HAVILAND acted as secretary-treasurer. Chief accomplishment is the uniting of Montana athletic managers into a worthwhile organization. Chief aim is the combining of all managers clubs into a national association, and the promoting of better feeling among schools.

# Pharmacy

## CLUB

GASPERINO

All the would be drug gists are included in the membership of the aforesaid Pharmacy Club. Biggest social event of the year is their RX ball, fine doin's. In the meantime they cook up evil odors and foul concoctions over in that building of theirs, which this year will be supplemented by a new edifice—their home in the future. The rest of the time they carry on long warfare with the chemists who also inhabit the present building. Next year the pharmacy school should really get going.

# Forestry

## CLUB

This is the largest organization on the campus, with the possible exception of Phi Sigma, total membership of both is unknown. Forestry Club is open to all foresters who wish to join. The club sponsors Forester's Ball, the profits of which go to aid financially distressed Paul Bunyans. Another big event this year was the Forestry Conclave wherein the major forestry schools of the United States sent representatives to Missoula for a three-day meet which wound up with Forester's Ball, the big dance of the year.

Newman club this year made a concerted drive to sign up all the Catholic students on the campus. If they could have done this they would be the largest group at Montana. As it was they brought the realization of a campus chapel nearer than ever before. The foundation members worked hard, realizing that they were striving toward a worthy goal. Their group this year was given new impetus through the arrival of Father FRANK BURNS of Butte, who aided them and advised them whenever he could. As to the chapel, who knows . . . next year this time?

Local chapter of the pharmaceutical fraternity for men was founded along in 1920. Membership is limited to schools of pharmacy who are members of the American Association of Colleges of Pharmacy. Under the guidance of ROY HERDA, Regent, and JOHN CRNICH, Secretary, Montana's chapter discusses various problems which are sure to confront the future "you name it" store managers.

Lambda chapter of the national biological honorary was chartered on the Montana campus in 1921. Only the most brainy and most scientifically ambitious are admitted. Biology rears its ugly head at bi-weekly meetings where prominent biologists tell the less prominent biologists what the score is. This year's meetings were conducted by LAURENCE OSBORNSSEN, President, and ALOHA HANNAB, Secretary.

## HOME EC

## KAPPA TAU

Home Ec minors and majors go to make up this outfit which spends most of its time learning the new-fangled methods of knitting, pearly one, not to mention the finer art of throwing groceries together. Each year the club has an exchange dinner with the Foresters, upon whom they practice their talents (?), which nevertheless turns out to be quite an event.

This local scholarship fraternity was organized on the Montana campus in 1915. This brainwave club admits only juniors who are fortunate enough to have a grade point index of 2.1 or better. Enormous collection of grade points frighten the less lucky. At the annual Awards Convo in the spring, the new members are tapped. President, JOHN CRNICH. Secretary, TANA WILKINSON.

**ALPHA LAMBDA DELTA:** This clique is composed of freshman women brainstorms. Every year the girls in the yearling class with the highest grade point index are chosen as pledges. Directly sponsored by Mortar Board and advised by Miss LUCIA B. MIRRIELES, A.L.D. is one of the more active honoraries on the campus. GRACE JEAN WHEELER, President, & JOSEPHINE RAYMOND, Secretary.

**DRUIDS:** Out of the vast horde of foresters are selected the members of DRUIDS. Those upperclassmen who are brainy enough & at the same time socially inclined are the ones chosen. The chief purpose of the group is to further good fellowship between the students, faculty, & alumni. Their officers this year were SYLVESTER SEIDENSTICKER, President, & BOB MILODRAGOVICH, Secretary.

## Pre-Medic Club

## Masquers Pledges

**PRE-MEDIC:** This organization is composed entirely of students who plan someday to become doctors. At Montana, they have to take courses which will enable them to enter the various medical schools of the country later. The chief purpose of the club is to promote higher standards in their field of work, & to make the Montana pre-med courses more qualifying. **BRUCE ARMSTRONG** was the president this year, while **RUTH LARSON** acted as secretary.

**MASQUERS PLEDGES:** This group, we admit, is in the wrong section of the book, but it's too late now to change it. Not having enough Masquer points to become active members, these students work on props, makeup, small bits, etc., until that time when they will have the required number of ducats to join their brothers higher up.

**WESLEY FOUNDATION.** Methodist group, received new drive under HARVEY BATY, University Pastor. Social activities of the group include a quarterly retreat to Flathead Lake, deputation trips, picnics, parties, & cabinet suppers. Also include the Annual Senior Banquet, the Look Out Supper, the T. T. BRUMBAUGH Banquet, & several Wesley plays. Official publication is the WES' WIND. Pictures below, right to left, are POSTON, Pres., RUST, Co-Pres., HERBERT, V.-Pres., FORGEY, Treas., HEDGES, Sec., CRAIG, Fin. Sec.

**MATH CLUB.** Membership is open to all would be math majors. A few physicists and chemists are admitted each year, but they have to be very interested in math. Although the club's purposes and aims are basically scholastic, they throw one big banquet each year for future would be EINSTEINS. Their president this year was BYRON MURPHY, with ARNOLD SKRIVSETH as secretary.

We, the Editor & Business Manager, are grateful to Publications Board for having placed us in these positions of responsibility. It is our sincere desire that we have lived up to the standards set by previous Sentinel men. We wish to thank the loyal group who have stuck with the Sentinel throughout this year. When we wanted the work done, they were there to do it well.

To Mr. KIRK BADGLEY go our thanks for keeping our finances straightened out.

Also we are grateful to Professor R. L. HOUSMAN for editorial advice.

To the following parties the staff of the 1939 SENTINEL expresses appreciation for the fine services which they rendered during the year:

ACE WOODS, of the ACE WOODS STUDIO, Missoula, for the Fraternity, Sorority, & Senior portraiture.

FRANK FUSSELL, of the COMMERCIAL ART & ENGRAVING COMPANY, Los Angeles, California, for his excellent ideas, helpful advice & constant cooperation.

RAY BRENNAN, of BRENNAN STUDIOS, Los Angeles, for his striking shots of officer groups & individual officers.

CHARLES "FRITZ" BESSETTE, of the BESSETTE PRINTING COMPANY, Butte, Montana, for the printing & binding of this book.

PAUL A. SCHENK, of the BECKTOLD COVER COMPANY, Saint Louis, Missouri, for his excellent cooperation & advice in the production of the 1939 SENTINEL cover.

JACK HOON, of MONTANA STATE UNIVERSITY, for the End Sheet cartoon.

ANNE REESE, GRACE WILBUR, & CHARLES SWEENEY, of the M. S. U. STUDENT UNION OFFICE, for their cooperation & tolerance in handling the SENTINEL accounts.

ITEMIZE  
A FULL DAY'S  
ELECTRIC SERVICE

Find out for yourself just how much you get for your electric bill each month. Check over the services you use.

Once it was a "light bill," and rates were high. Today it's a SERVICE BILL, with a multitude of electric services that all work for only a few

pennies a day. Rates compare favorably with those anywhere in the United States—and the average cost to all our residential customers is only 10 cents a day!

Consider all that electric service does for you, and you'll realize how cheap it really is.
